Hello Debbie, Gatineau and SQ are seeking officer letter for assistance on the bridges and Highways. John Steinbachs tasked Michael Anderson with the draft email. .For approval before sending. This is part of the Target Hardening Concept of operation.

This document will become an appendix to the concept of operation.

Denis

Good morning:

As you are aware, the City of Ottawa and Province of Ontario have declared a state of emergency, and the Federal government has invoked the Emergencies Act. As such, on behalf of the Ottawa Police Service (OPS), I am requesting the immediate and continued assistance of both the Gatineau Police and the Sureté du Quebec in managing traffic and in diverting truck convoys from entering the downtown core of the City of Ottawa. These activities are critical in achieving the Commanders Intent of returning the City of Ottawa to a state of normalcy using all available lawful means in the safest way for all involved. The OPS is seeking both resources and cooperation as we continue to limit additional impact of truck convoys on residents of the City of Ottawa, and as we work to maintain the integrity of our perimeter and the safety of all involved.

Current requests for assistance are as follows:

Sureté du Quebec

- Monitor Hwy 50 and Hwy 5 for possible congestion due to the lane reduction on King Edward;
- Enhance commercial vehicle inspections efforts on all local highway systems.

Gatineau Police

- Continue to manage the closure of the Portage Bridge;
- Monitor the Alexandra Bridge from Monday to Friday, from 06:00 to 10:00;
- Monitor the Chaudière Bridge for possible protestors, and be available upon request to close the bridge.

We are incredibly grateful for the assistance your services have, and continue, to provide us.

Thank you,
Supt Robert Bernier
Event Commander
